Trail #84 Review by Major Pecker

Christmas was in the air, and our hares **T-Bag**, **Titty Whiskers**, and **HLT** (played this week by **The Black Clap**) decided to give the hashers some early Xmas presents. These presents came in the form of huge hills, multiple shot quests, and a heaping helping of shiggy. The hares must have been afraid we’d catch them (too many cookies perhaps?) because the first shot quest came right at the beginning of trail. Fortunately there were plenty of visitors to help make short work of the delicious beverage.

After a run through the elementary school, we ended up at the first beer stop (a familiar location, near a rusted-out trailer truck). Here, a friend of one of our visitors (who happened to live nearby) popped up in khakis and a button down. An interesting outfit choice for a hash, but I’m not one to judge. Upon leaving this beer stop, we ran into a parking lot. At this point, a concerned business-person ran out to yell at all of us and chase us down the street. He didn’t want us to damage their precious parking lot (I guess?). The hares decided we were a little too rested, so they led us up one of the steepest and most shiggy-filled hills in the area. I’m still picking twigs out of my beard as I write this...

The hares treated us to one more beer stop and another shot stop as they led us around the commercial parking lots in Greentree. Fortunately, no one else came out to chase us off, although I did see quite a few office workers gawking at us from their windows. The hares led us through a church parking lot, where everyone gave a spirited rendition of “Free Beer for all the Hashers” to get in the holiday spirit. I’m sure the congregation of St. Margaret of Scotland appreciated it.

Circle was down the hill by a random building façade. The hares wisely tucked the beer a fair bit away from it, otherwise we would certainly have had hashers climbing all over it. We wrapped up circle fairly quickly, since there were presents exchanged back at the bar. There were more presents than can be described here, but the one transaction of note is that the HashShit was swiped by **Clitoria’s Secret** from Voodoo H3. The presents were anonymous, so it’s impossible to know for sure who is responsible (although either **Golden Showers** or **Lips of Steel** are likely culprits). They had better mount a rescue mission soon, otherwise we’re going to have to repurpose a Festivus feat of strength as their new permanent hash shit... Shit trail.

SONG OF THE WEEK

The Pussy Cat Song

My pussycat was scratching out on the back door
 Scratched so long, poor pussy got sore
 Sore pussy!
 Sore...pussy
 Just a friendly little cat!
 (friendly little cat)

My pussycat was sitting out on the front step
 Started to rain and my pussy got wet
 Wet pussy!
 Sore...wet...pussy
 Just a friendly little cat!
 (friendly little cat)

My pussycat was playing in the back lot
 He played so long, poor pussy got hot
 Hot pussy!
 Sore...wet...hot....pussy
 Just a friendly little cat!
 (friendly little cat)

I left my whiskey bottle out last night
 My pussycat drank it and he got realy tight
 Tight Pussy!
 Sore..wet...hot...tight....pussy
 Just a friendly little cat!
 (friendly little cat)

My pussycat was rocking in the rocking chair
 He Rocked so long, he lost his hair
 Bald pussy!
 Sore...wet...hot...Tight...bald...pussy
 Just a friendly little cat!
 (friendly little cat)

My neighbor stole my kittycat away from me
 I said to my neighbor, "Set my pussy cat free!"
 Free pussy!
 Sore...wet...hot...tight...bald...free...pussy
 Just a friendly little cat!
 (friendly little cat)

Here kitty kitty kitty kitty kitty
 Awww, nice pussy!
 (Meow)
